

Articulated HGV Tipper driver (Newport)

£9.00 per hour + Overtime + Bonus

Trade Effluent Services Ltd are a waste management company providing a range of transport, treatment recycling and site services to the water utilities and food industries within the North West and North Wales. We are now looking to recruit a HGV C+E (Class 1) tipper driver to join our team to provide quality collection and transport services to our customers.

Working as part of a team centred around Cardiff but based from a depot in Newport, you will be required to transport Biosolids (sewage) sludge cake using our articulated bulk tipper into our depots at Cardiff, Swansea or to various farm sites. The products are self loaded from overhead silos or from bulk storage areas and delivered to another site for reprocessing or directly to a farm site as a fertiliser product.

You must have the ability to safely handle a large vehicle in tight yards and off road situations and may benefit from some form of farming background. You will be targeted to ensure our customers requirements are satisfied and there is plenty of regular overtime and a bonus scheme.

The Role:-

- Carry out daily walk round check of vehicle and trailer
- Complete defect and damage report and other associated paperwork
- Load trailer in accordance with procedures whilst maximising payloads
- Safely transport and deliver products to the required location
- Assist in the efficient deliveries to various locations
- Swap trailers in accordance with the specific trailer/product requirements
- Assist in stockpiling operations when required

The Candidate:-	
Qualifications <ul style="list-style-type: none"> • Driving licence C+E • Digital Tacho Card • Driver CPC • First Aid at Work (not essential) • Loading Shovel (not essential) 	Experience <ul style="list-style-type: none"> • Articulated HGV • Bulk tipper • Off road driving • Loading Shovel (not essential) • 360 excavator (not essential)
Knowledge <ul style="list-style-type: none"> • Health and Safety in a working environment • Safe and Efficient driving 	Characteristics <ul style="list-style-type: none"> • Self motivated • Flexible approach to daily/weekly work pattern/schedule • Numerate and literate to process paperwork associated with the post

To make your application please complete an application form which is available for download from <http://www.tradeeffluent.com/vacancies> and return with an up to date CV and covering letter by email to vacancies@tradeeffluent.com or by post to:- Trade Effluent Services Ltd, Hugmore House Hugmore Lane, Llanypwll, Wrexham. LL13 9YE.
